

# Sinthanai Foundation

The Center for expansion of the mind

## Skype Interactive English

At *Sinthanai Foundation* we have included Spoken English as part of our intellectual development programmes run at our Free Education Centre. Apart from class room training in Spoken English, we have designed an interactive session for the students using SKYPE.

This will provide the students an opportunity to speak in English which is deprived of them currently due to non exposure to the English speaking world. In order for us to run this session we are setting up a panel of participant from around the world who are willing to spend some time on a voluntary basis. Considering the private life of each individual who would be participating in this programme we have decided to run this session only on Saturdays during each week. Each session will last for about an hour to hour and half.

As explained above, this will be done using SKYPE. However, to maintain privacy we have decided to make this as an audio session. Video calls are not entertained.

The above programme will not only help the under privileged children but it will give an opportunity to those who are with a heart to reach out to the others but unable to commit fully due to various commitments and restrictions in their life. Therefore we believe that many of you will find this as an attractive opportunity to help others and if so we kindly request you to sign up for this programme.

### To Sign Up:

Please send us the following information by way of an email to [admin@sinthanai.org](mailto:admin@sinthanai.org). And we will revert to you with further details.

Full Name:

Address:

Gender:

Age Group:    1)15-25,                      2)26-35,                      3)36-45                      4)Above 45

Skype ID :
